#### Good to know.

You're already on our cheapest tariff for your electricity usage. We'll let you know if this changes.

You pay by monthly Direct Debit, so your payments are up to date. We regularly review how much you're paying to make sure it's the right amount and will let you know if it needs to change.

The Energy Price Guarantee has been applied to your bill. This will save a typical dual fuel household around £700 this winter, based on what prices would have been under the October price cap. A Government-led review will be conducted to consider energy support after 31 March 2023.
