### Your meter readings

Unfortunately, this statement is estimated because we didn't receive your meter readings in time to calculate your usage. We want to make sure you have an accurate statement so that you only pay for the electricity you've used. Please send us your meter readings. You can do this quickly online at [npower.com/meterread](http://npower.com/meterread)

### Could you pay less?

It's easy to switch to the best tariff online. Just go to [npower.com/cheapesttariff](http://npower.com/cheapesttariff) to find out how.

Remember - it might be worth thinking about switching your tariff or supplier. Below are the cheapest tariffs we have available for you today and you can find details of your current tariff in "Your energy charges and tariff information" section. Your personal projection is calculated based on your estimated usage for the next 12 months and your tariff prices. VAT and any announced price changes are included, Warm Home Discounts are excluded. If your tariff has an end date, then our standard prices are used after that.

Personal Projection	The cheapest option similar to your current tariff	The cheapest option from all of our tariffs
Estimated electricity cost <b>£821.61</b>	You're already on the cheapest tariff	<b>You could save £40.13 a year on Price Fix Feb 2021 Elec DD</b>

npower is now part of the E.ON group of companies. E.ON provide energy solutions in the UK and may be able to provide a cheaper energy tariff for you. You can check out if they have cheaper tariffs available by visiting [eonenergy.com/compare](http://eonenergy.com/compare) or calling **0333 202 4729**. Exit fees may apply. Switching tariffs could mean a significant change to your terms and conditions and some tariffs have eligibility criteria. For example, you may need to change your payment method or manage your account online. Some tariffs are available for a limited time only. Please note your standard tariff price is not fixed and may be increased in the future.
