Dear Sir/Madam,

- and is significantly impacted

by the above application.

I have received absolutely no consultation on this. No flyer was delivered to my property as they say they have done.

The light report is completely inaccurate and based on assumptions by their own admission. Incorrect assumptions to meet their own needs.

All my rooms, Bedrooms and living rooms are at the rear of the property and will be severely impacted by the proposed building - plunging my already unbright property into darkness. The same applies to all flats in our building to the rear. They all have habitable rooms - bedrooms and living rooms to the rear aspect - contrary to the arbitrary report submitted by the applicant.

I would like to formally complain that no consultation has taken place.

I would like to strongly object to this application. My property and others in our block will become virtually uninhabitable if this is granted permission.

How can my voice and that of the other owners in College Court be submitted and heard?

Many Thanks

JUSTIN BARRINGTON
