Description of the Proposal

Description of the Proposal

Please note in regard to:

- **Fire Statements** - From 1 August 2021, planning applications for buildings of over 18 metres (or 7 stories) tall containing more than one dwelling will require a 'Fire Statement' for the application to be considered valid. There are some exemptions. [View government planning guidance on fire statements](#) or [access the fire statement template and guidance](#).
- **Permission In Principle** - If you are applying for Technical Details Consent on a site that has been granted Permission In Principle, please include the relevant details in the description below.
- **Public Service Infrastructure** - From 1 August 2021, applications for certain public service infrastructure developments will be eligible for faster determination timeframes. See help for further details or [view government planning guidance on determination periods](#).

Description

Please describe details of the proposed development or works including any change of use

We would like to replace the roof terrace doors.

The property is the top floor flat in a terraced Victorian property built in 1900. It is set on the second floor and third floor (loft conversion) of the building. The loft conversion was completed in 2006. It is not a listed building and is not in a conservation area.

The current white timber double doors and sidelight windows that lead to the roof terrace in the existing loft conversion are rotten and need replacing. We are wanting to replace them with double glazed aluminium sliding doors that will provide better insulation and security. The doors will be Anthracite Grey to blend in with the roofs and velux windows of our building and surrounding properties.

The location of the doors is at the rear of the flat and is not overlooked by neighbouring properties. It also cannot be seen from the cemetery that backs onto the property, as this view is obscured by established trees that run the length of the wall running along the back of the ground floor property.

The specifications for the new sliding Cortizo 4700 doors are as follows:

Moulding:

Ovolo

Double Glazing - Door Leaf:

4mm Planitherm Total Plus - Argon Filled, 20mm Grey Warm Edge spacer -4mm Float

Paint / Finish:

Internal: Ral 7016 Anthracite Grey, External: Ral 7016 Anthracite Grey, Cill: Ral7016 Anthracite Grey

Ironmongery:

2 x Sliding Door Handle, 1 x Trickle Vent Through Frame in Black with multi-point locking system

There will be no change to access.

Has the work or change of use already started?

Yes

No
