RE: Application to build a Ferris wheel at Camden Lock.

I wish to object in the strongest terms to the above application.

Camden Lock is many things but it is not an amusement park or a fair ground or a circus. You well know the area attracts tens of thousands of tourists every year . They come because of its unique cultural composition not despite it. To even consider wrecking its unique atmosphere indicates a gross insensitivity and a lack of cultural awareness.

If a Ferris Wheel is OK then why not dodgems or a Ghost Train or whatever. It is so obviously inappropriate that a letter such as this should never be needed.

I am not against Big Wheels, the London Eye has rightly taken it's place as a landmark and a focal point for national celebrations. It replaced a poor piece of architecture on the banks of the Thames. Good call. But one in Camden Lock - no way.

Please reject this and any similar applications in the future and do all in your power to maintain this special site of street culture.

Yours faithfully,

H. Flinder  
Camden Resident.
