Dear Alex Kresovic,

I am writing this email in support of the application put forward by Labtech to redevelop the market and bring new life to the area.

As a market trader, I can not think of any reason not to support this scheme. The biggest and most exciting move from this scheme for me is the proposed opening of Dead Dog basin! I cannot express how massive this will be for not only myself and my fellow traders but also Camden itself. Opening the basin will attract new guests and offers a new attraction in the area for more regular attendees.

Therefore, putting forward all these, I request your Authority to give the Labtech to come up with this new idea which will be a great advantage for everyone.

Thank you!

Regards,
