Dear Sirs,

Application ref: 2023/1933/T

Thank you for your email of 15 May 2023 regarding proposed works to Tree(s) in a Conservation Area at:

60 Aberdare Gardens

London

NW6 3QD

I wish to suggest that, based on my measurements, the proposed works may be unnecessary.

My suggested reasons are that:

1. That the distance between the trees and the nearest houses is 104 feet in our garden next door
2. The maximum height of the trees is 75 feet
3. The trees are only 3 feet in diameter at their bases.

Yours faithfully,

Brian Jarman, 62 Aberdare Gardens, NW6 3QD
