**To:** Planning  
**Subject:** Disapproval of removing tree cover from Kilburn Grange

Dear Council,

I am writing to express my extreme dissatisfaction with the pending decision to cut back and/or remove trees from the development abutting Kilburn Grange (see planning document attached). This is unacceptable for three reasons: (1) it violates the development agreement that green space would not be reduced; (2) it is backtracking on climate friendly policies to address the climate emergency that the council acknowledges; (3) it is a health risk by removing protection against the urban heat island effect.

I expect better from my council.

Redheads,  
David (Kilburn resident)

---

**Application Progress Summary**

The statutory requirement for consultation on planning applications is a minimum of 21 days. The online comments form is linked to the statutory time period and will close after this time.

If the online comments form has closed, you can still comment via email to [planning@camden.gov.uk](mailto:planning@camden.gov.uk)

We will take account of all representations received right up until an application is determined.

Please note that if the **Comments Until** date shown is before the **Application Registered** date this is because either:

- we are not required to consult on the application (you can check this in our [Statement of Community Involvement](#)); or
- the formal consultation period has not yet started by the application being advertised in the local newspaper or site notice(s) being put up at the application site.
