

REGENT'S CANAL (WESTBOUND)

to Birmingham (137 miles)
and the North
via the Grand Union Canal

Canal & River Trust
Making life better by water

This window faces west, in the direction of Little Venice (approx 2 miles away) where the Regent's Canal joins a 2,000 mile inland waterway network.

If you cross the diagonal footbridge and follow the towpath then you can walk to Regent's Park, Little Venice and beyond.

The towpath is inaccessible beyond the Lisson Grove moorings and you must cross the footbridge at this point and continue your journey via the raised footpath and the sidestreets (see dotted line)
