Subject: Tree pruning NW3 2XB

To the Tree Planning Officers,

I have a front garden Oak and back garden Willow tree and both need pruning as they are very large, quite close to the house and beginning to block light. The willow blocks all afternoon sun. My predecessor did this every three years or so, and I have done this before by paper application and have now been told to do online.

I will use a reputable tree surgeon as previously, and he has been to visit the property. He has asked me to get permission for 5m from front Oak and 3m from back Willow.

The site address is 78 Lawn Rd, NW3 2XB

With thanks,
Rachel Summerfield
