Dear Geri

Thank you so much for taking the time to visit me today.

As discussed my objections to the proposed permitted development application 2023/1417/P are as follows:

The heights on the proposed plans are incorrect and need clarification. The proposed 3 metre height of the side elevation adjacent to the garden wall of No 30 on the the plans would in reality be much higher on the side of No.30. I suspect the ground level has been measured incorrectly.

Secondly the current rear extension of No.32 looks like it will be almost completely demolished to make way for a new extension and will be tantamount to a new-build.

Please do let me know your thoughts and if you would like to revisit to discuss the permitted heights.

Thanks once again ,

Kind regards

Gideon Hart
