

Application No:	Consultees Name:	Received:	Comment:	Response:
2023/0294/P	Clifford Plaskett	18/06/2023 17:37:50	OBJ	<p>The noise from air conditioning units generally in this area, especially those from the Mercure hotel, has already reached levels which are unhealthy and far exceed permitted maximums for a residential area. Residents of 3 and 5 Queen Square are being deprived of the peaceful enjoyment of their properties because of the noise (not to mention smells) generated. If the application were granted the units installed should be protected with sound barriers and be of the highest standards for noise abatement.</p>
