Dear Sir/Madam

Than you for your notification regarding tree felling in the garden of Flat A, 53 Constantine Road, NW3 2LP.

We, at 51 Constantine Road, thoroughly approve of this plan as the tree has caused us many problems over the years with gutters and drains being blocked by its leaves and sap dropping on skylights of my property.

We would like to request that the tree surgeon ensures that the stump is properly treated so that the tree does not grow and the roots do not cause subsidence problems to No 51.

Thank you.
