2023/2034/P	Celia Scott	29/06/2023 19:01:00	AMEND	<p>I live off Tasker Road and walk past the site of the proposed addition nearly every day. The proposed materials for the the new addition are not in keeping with the main house, which is white stucco, with white painted timber window frames. The dark wood finish shown in the visualisations is therefore inappropriate, as is the green zinc sloping roof of the new addition, which will stand out, as in general, the additions to the main houses on Upper Park Road such as bay windows have flat roofs. Since this is a conservation area, the materials and roof shape of what is proposed as an addition should be more in keeping with the main house.</p>
