| 2023/2341/P | Todd Fallesen | 03/07/2023 10:19:08 | NOBJ | We need better mobile phone infrastructure and reception in the area, and this seems like a good place to do erect a mast. I see no issues with this planning application. |
| 2023/2341/P | James Baker | 03/07/2023 19:44:35 | OBJ | <p>This will be a complete eye-sore in a very beautiful part of the city. It is grossly disrespectful that the applicant wants to put an ugly mast on the edge of a cemetery in a residential area.</p> <p>I also take umbrage at them putting a proposal in, then withdrawing it and putting it back in, presumably to frustrate the objections.</p> <p>I object to this proposal.</p> |
| 2023/2341/P | Amanda Johnson | 03/07/2023 20:48:17 | COMMNT | We do not want this mast near to our houses It a health and safety issue |
| 2023/2341/P | Jill Henry | 03/07/2023 14:48:07 | OBJ | <p>I wish to object to planning application, 2023/2341/P, for a 18metre 5G mast, a large cabinet and and other associated equipment.</p> <p>The mast and equipment would be unsightly and inappropriate as it would detract from the character of the surrounding areas, namely Hampstead Cemetery.</p> <p>Paragraph 193-202 of the NPPF consider the possible impact (of development) on heritage assets. Hampstead Cemetery is a Grade II listed Park and garden. The 18metre 5G mast and associated equipment would be visually inappropriate and detract from the significance of the heritage asset.</p> <p>Another concern is the proximity of the 18 metre 5G mast to mature trees and the potential of harm to those trees and birds/wildlife and biodiversity in the cemetery and surrounding area.</p> |
