2023/1604/A	C Baker	04/07/2023 17:06:13	SUPPRT	<p>I wholeheartedly support this application as there is such a lack of advertising in Central London that someone is to be commended for making up the shortfall.</p> <p>And screens are good - the new huge high-def screens at the base of adjacent Centre Point just fail to supply enough screen real estate to satisfy the ever increasing needs of the screen poor.</p> <p>Can we please extend the hours to 24/7 year round as I'm sure the locals won't mind a bit of extra disturbance.</p> <p>And can I make a few ad requests? Anything promoting drinks loaded with artificial sweeteners are to be preferred, and four-wheel drive cars negotiating rugged terrain look good on a large screen.</p>
2023/1604/A	carlton boulter	04/07/2023 15:45:14	OBJ	<p>Dear Sirs</p> <p>i Live in Mattilda Apartments and this is one step to far, We have constant nice at present not being dealt with, Buses constantly sit at the Bus stand under our windows 24/7 idling with no enforcement officers in sight. Buskers play amplified Music under our windows for up to 4-5 hrs at a time with no enforcement officers in sight. Cars park all over the pavements blaring music at all hours of the night from Thursday through Sunday every week with no enforcement in sight. Camden have put seating adjacent which is used by drug addicts shouting and taking drugs at all hrs night and day with no enforcement officers in sight or police. It is summer we are required to open our windows to let in air and cool air at some point of the day or night and this has become impossible, we have had ongoing major construction 6 days a week next door for the last 2 years and now you would like to add to our misery with an intolerable option encouraging loud amplified noise and groups of Drunks watching events. Please give us a break on this one, please no more noise or anti social encouragement and certainly no more pollution at all is required here. We cant work from home and we cant sleep at home, its become unbearable to live here.</p>
2023/1604/A	carlton boulter	04/07/2023 15:55:19	OBJ	<p>Dear Sirs</p> <p>in Addition, Why is the Screen sighted under the Social tenants Windows? Why not the private residents block? or even better why not at the other end of the Square by the Office buildings? Why does it have to have amplified sound at all? Why not use subtitles or even Headphones like a silent disco would use? But the main thing is why do we need it at all! Why cant we get to grips with the existing pollution, Noise and Antisocial behaviour before bringing more to our doorsteps! The Buses, Buskers, Drug users, drunks, Anti Socials, Cars Playing Loud music parking on Pavements, Pedi cabs playing loud music, Etc Etc Etc need to be dealt with before we even contemplate a Screen under our Windows in Summer!</p>
2023/1604/A	Sarah ONeill	04/07/2023 16:52:31	SUPPRT	<p>I am happy for the tv to be in position. It's a nice atmosphere and is not too loud at all. I am a resident and in the past this has never been a problem.</p>
