2023/2237/P	C Baker	04/07/2023 17:14:34	SUPPRT	It's impossible to imagine Central St Giles without its summer contribution to media and entertainment. I, for one, do find rolling news channels and cricket coverage a bit difficult to access, so this will make my life more wonderful in many ways. And for those who get caught short for the functions of nature, there's always the public conveniences just over the road, formerly known as the St Giles in the Fields Churchyard Gardens.
2023/2237/P	D Savage	04/07/2023 17:04:03	OBJ	I very much object to this application. As an owner/occupier in the residential block in St Giles High Street, there is already an unacceptable amount of noise and light pollution in the area and this will only add to the problem. During warm months residents are unable to leave their windows and balconies open due to the noise which rises directly into the flats from below.
