

Notes:

Window references identify windows to be replaced as proposed.

North West and North East Elevations

Existing timber windows will be replaced with timber windows like for like but double-glazed.

The design of the new windows matches in all details the existing windows; in size, materials, positions, colour, opening arrangements and mouldings.

The windows will be an exact replica of the existing windows externally so there will be no difference to the elevation.

Internal courtyard elevations

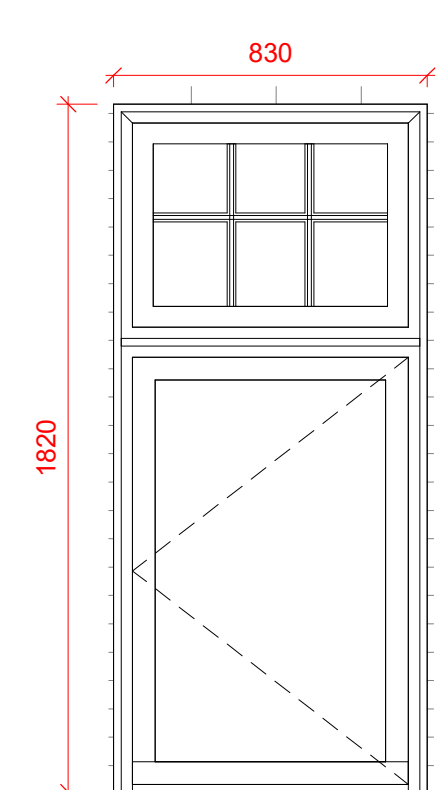

As above all windows will be replaced with timber windows like for like but double-glazed.

In additions:

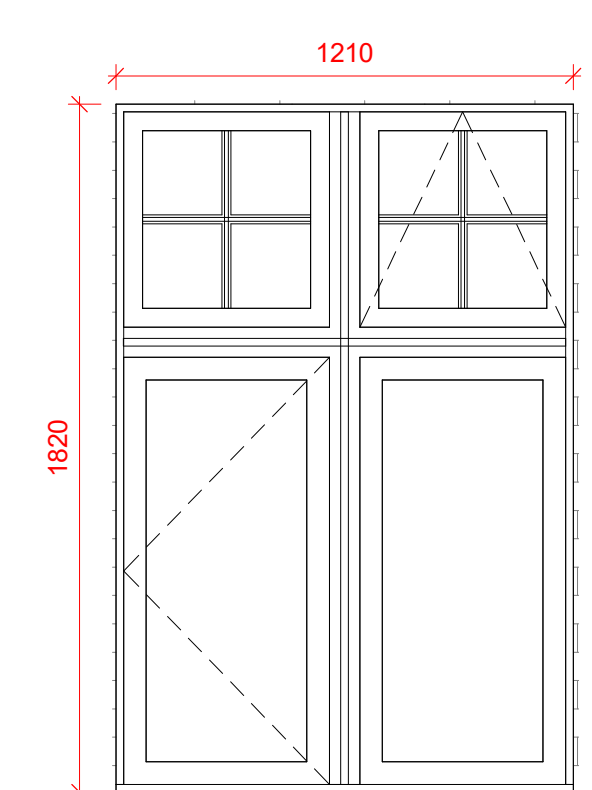

Existing glazing mounted ventilation fans will be removed.

Lower sash of SW05 will change from textured to obscured glazing.
