2023/1997/P	Bianca Bernasconi	06/07/2023 17:45:23	COMMNT	I am strongly opposing to this installation as the area is congested enough as it is. The size of the installation is ridiculous and unnecessary. Enough people linger around the area as a result of the restaurants and clubs nearby, I do not think that including an almost two meter sized gorilla statue is going to help. This without counting the endless queues formed by nearby theatres, often attended by school pupils which (rightfully) line up on Shelton and Monmouth Street to watch shows. The pavement space would be reduced gravely by this instillation, cars would congest the area massively if we consider that people would walk on the road, limiting driver;s mobility. I also think that aesthetically it would literally ruin the look of our beautiful neighbourhood. If the installation is approved it should not be for more than a month.
