Thank you for possibility offer to you our high quality timber windows and doors.
 Our products are covered with acrylic paint made by a German company REMMERS. Customers are free to select product colours upon their choice.
 Windows can be glazed with single-chambered or double-chambered multiple glass units. Windows frames are reinforced with window fitting system manufactured by a German company SIEGENIA.

Production time approximately 6-8 weeks.

Please find attached below our price according to your request:
