For the Belsize Society:

This is a mature magnolia tree that is clearly highly valued by residents in the neighbourhood. No evidence has been provided that the tree needs to be felled. Over and above the visual benefits of the tree to the neighbourhood, it forms part of a green corridor at the back of Steeles Rd and Eton Rd, providing an environmentally-friendly green canopy in an area close to the traffic noise and air pollution of Haverstock Hill.

We object to the felling of this tree and request that it is given the protection of a TPO.

Yours sincerely
