

Application 2023/2549/A

We are writing re the recent application by Vakrat re 40 Rosslyn Hill, posted on 30 June 2023. Our home is located a few doors down the road from this building.

The applications for a new illuminated sign and a flag, displaying the owner's name, are inappropriate for this historic building. Both would detract from the heritage aspect and historic character of the building.

They would also be inappropriate for the area. The Council & residents have made considerable effort to preserve historic features in the area. The flag and illuminated sign would be counter to this spirit.

Thank you for registering this objection.

Kind regards,
Edward Holden
