Dear Sir/Madam

DECISION

Town and Country Planning Act 1990 (as amended)

Full Planning Permission Granted

Address:

**8 Antrim Grove
London
NW3 4XR**

Proposal:

Proposed alterations to the roof including replacement of existing roof tiles; installation of lead to cheeks, faces and roofs of existing side and rear dormers; replacement of rooflight on crown roof with an access hatch; replacement of crown roof roofing material.

Drawing Nos: Design & Access Statement dated June 2023, 100 Rev P1 dated May 2023; 110 Rev P1 dated 7 June 2023; 120 Rev P1 dated 7 June 2023; 121 Rev P1 dated 7 June 2023; 210 Rev P1 dated 7 June 2023; 220 Rev P2 dated 7 June 2023; 221 Rev P2 dated 8 June 2023.

The Council has considered your application and decided to grant permission subject to the following condition(s):

Condition(s) and Reason(s):

- 1 The development hereby permitted must be begun not later than the end of three years from the date of this permission.

Reason: In order to comply with the provisions of Section 91 of the Town and Country Planning Act 1990 (as amended).

- 2 The development hereby permitted shall be carried out in accordance with the following approved plans: Design & Access Statement dated June 2023, 100 Rev P1 dated May 2023; 110 Rev P1 dated 7 June 2023; 120 Rev P1 dated 7 June 2023; 121 Rev P1 dated 7 June 2023; 210 Rev P1 dated 7 June 2023; 220 Rev P2 dated 7 June 2023; 221 Rev P2 dated 8 June 2023.

Reason: For the avoidance of doubt and in the interest of proper planning.

Informative(s):

- 1 Reasons for granting permission:

A previous planning permission was granted and implemented, planning reference 2012/0994/P, which included works to the existing roof, however, as time has gone past, the roof is now in disrepair and requires maintenance works to be made good. As such, the proposal includes the replacement of existing roof tiles; installation of lead to cheeks, faces and roofs of existing side and rear dormers; replacement of rooflight on crown roof with an access hatch; replacement of crown roof roofing material.

It is noted that the neighbouring property has already replaced their roof tiles with a non-original tile, which as a result, lessens the impact of proposed replacement tiles (rosemary red imitation clay-type) on this property, which are therefore not likely to appear unduly noticeable from the street.

The proposed maintenance works to the existing roof is unlikely to be visible from the street and public realm. As such, the proposal would maintain a subordinate appearance to the host building and would preserve the character and appearance of the conservation area.

Special attention has been paid to the desirability of preserving or enhancing the character or appearance of the conservation area, under s.72 of the Planning (Listed Buildings and Conservation Areas) Act 1990 as amended by the Enterprise and Regulatory Reform Act 2013.

The proposed works to the existing roof is not considered to cause any detrimental impact on amenity in terms of loss of privacy, light and outlook.

No objections were received prior to making this decision. This and the planning history of the site have been taken into account when coming to this decision.

As such, the proposed development is in general accordance with policies A1, D1 and D2 of Camden Local Plan 2017. The development would also accord with the National Planning Policy Framework 2021 and the London Plan 2021.

- 2 Your proposals may be subject to control under the Building Regulations and/or the London Buildings Acts that cover aspects including fire and emergency escape, access and facilities for people with disabilities and sound insulation between dwellings. You are advised to consult the Council's Building Control Service, Camden Town Hall, Judd St, Kings Cross, London NW1 2QS (tel: 020-7974 6941).

- 3 This approval does not authorise the use of the public highway. Any requirement to use the public highway, such as for hoardings, temporary road closures and suspension of parking bays, will be subject to approval of relevant licence from the Council's Streetworks Authorisations & Compliance Team, 5 Pancras Square c/o Town Hall, Judd Street London WC1H 9JE (Tel. No 020 7974 4444). Licences and authorisations need to be sought in advance of proposed works. Where development is subject to a Construction Management Plan (through a requirement in a S106 agreement), no licence or authorisation will be granted until the Construction Management Plan is approved by the Council.

- 4 All works should be conducted in accordance with the Camden Minimum Requirements - a copy is available on the Council's website (search for 'Camden Minimum Requirements' at www.camden.gov.uk) or contact the Council's Noise and Licensing Enforcement Team, 5 Pancras Square c/o Town Hall, Judd Street London WC1H 9JE (Tel. No. 020 7974 4444)

Noise from demolition and construction works is subject to control under the Control of Pollution Act 1974. You must carry out any building works that can be heard at the boundary of the site only between 08.00 and 18.00 hours Monday to Friday and 08.00 to 13.00 on Saturday and not at all on Sundays and Public Holidays. You must secure the approval of the Council's Noise and Licensing Enforcement Team prior to undertaking such activities outside these hours.

In dealing with the application, the Council has sought to work with the applicant in a positive and proactive way in accordance with paragraph 38 of the National Planning Policy Framework 2021.

You can find advice about your rights of appeal at:

<https://www.gov.uk/appeal-planning-decision>.

If you submit an appeal against this decision you are now eligible to use the new [submission form](#) (Before you start - Appeal a planning decision - GOV.UK).

Yours faithfully

Daniel Pope
Chief Planning Officer
