Description

Please describe details of the proposed development or works including details of proposals to alter, extend or demolish the listed building(s)

As the upper ground floor/first floor flat of 4 Lyme Street has no external amenity space, it is proposed to add a small black painted steel balcony with perimeter steel railings to the rear elevation. The balcony will be accessed from the rear kitchen, modifying the existing window opening in depth to provide a Crittall style glazed french door set, removing the lower brick spandrel, but retaining the existing brick arch lintel. The design of the french doors will emulate the glazing bars and layout of the existing sash windows to the property.

The balcony will be independently supported off the rear wall of No.4, inset from the parapet coping stones of the lower ground floor extension of No. 4a, with removable floor panels to enable the owner of 4a to continue to maintain the felt finishes of their flat roofed extension. The kitchen of No.4 will be refurbished at the same time.

I have been advised by a Planning Consultant that this application was primarily for a new lower ground floor extenson with balcony. The Appeal Decision for a rejection was for the lower ground floor extension, with little reference to a balcony. At 4 Lyme Street, the lower ground floor flat already has an extension. Our application for the upper flat is to provide amenity space from the kitchen, as we do not have access to the gardens (front or rear) owned by the lower flat. The balcony will be supported independently amd will not rely on support from the lower ground floor extension. Authority Employee/Member With respect to the Authority, is the applicant and/or agent one of the following: (a) a member of staff (b) an elected member (c) related to a member of staff (d) related to an elected member It is an important principle of decision-making that the process is open and transparent. For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority. Do any of the above statements apply? Yes ⊗ No **Ownership Certificates and Agricultural Land Declaration** Certificates under Article 14 - Town and Country Planning (Development Management Procedure) (England) Order 2015 & Regulation 6 - Planning (Listed Buildings and Conservation Areas) Regulations 1990 Please answer the following questions to determine which Certificate of Ownership you need to complete: A, B, C or D. Is the applicant the sole owner of all the land to which this application relates; and has the applicant been the sole owner for more than 21 days? ✓ Yes ○ No Is any of the land to which the application relates part of an Agricultural Holding? Yes ⊗ No Certificate Of Ownership - Certificate A I certify/The applicant certifies that on the day 21 days before the date of this application nobody except myself/the applicant was the owner* of any part of the land or building to which the application relates, and that none of the land to which the application relates is, or is part of, an agricultural holding** * 'owner' is a person with a freehold interest or leasehold interest with at least 7 years left to run. ** 'agricultural holding' has the meaning given by reference to the definition of 'agricultural tenant' in section 65(8) of the Act. NOTE: You should sign Certificate B, C or D, as appropriate, if you are the sole owner of the land or building to which the application relates but the land is, or is part of, an agricultural holding.
