Good morning,

Address:

**5 - 17 Haverstock Hill**

**London**

**NW3 2BP**

The Proposed Work:

**Details to discharge Condition 24 (Piling) of planning reference 2016/3975/P dated 02/10/18 for demolition of existing building and erection of a part-six, part-seven storey development comprising 77 residential units (8 x studio, 18 x 1-Bed, 32 x 2-Bed and 19 x 3-Bed units) (Use Class C3) and retail (Use Class A1-A5) use at ground floor with associated cycle parking, amenity space, refuse and recycling store and associated works.**

Thank you for your consultation.

I can confirm that London Underground/DLR Infrastructure Protection has no comment to make on this planning application. Condition 24 is not a TfL condition and therefore cannot comment on it.

Please note that TfL Condition 23 is still active which includes the Contractor's method statement for TfL review and comment before the start of the piling submission works.

This response is made as Railway Infrastructure Manager under the "Town and Country Planning (Development Management Procedure) Order 2015". It therefore relates only to railway engineering and safety matters. Other parts of TfL may have other comments in line with their own statutory responsibilities.

Kind regards,

**Mehmet Kani**
