Dear Sir/Madam

## **DECISION**

Planning (Listed Building and Conservation Areas) Act 1990

### **Listed Building Consent Granted**

Address:

**1-7 Passfield Hall  
Endsleigh Place  
London  
Camden  
WC1H 0PW**

Proposal:

Creation of three servicing penetrations in external wall.

Drawing Nos: Location plan, LSE Passfield Hall listed building consent

The Council has considered your application and decided to grant Listed Building Consent subject to the following condition(s):

Conditions And Reasons:

- 1 The works hereby permitted shall be begun not later than the end of three years from the date of this consent.

Reason: In order to comply with the provisions of Section 18 of the Planning (Listed Buildings and Conservation Areas) Act 1990.

- 2 The development hereby permitted shall be carried out in accordance with the following approved plans:

Location plan, LSE Passfield Hall listed building consent

Reason: In order to safeguard the special architectural and historic interest of the building in accordance with the requirements of policy D2 of the Camden Local Plan 2017.

- 3 All new work and work of making good shall be carried out to match the existing adjacent work as closely as possible in materials and detailed execution.

Reason: In order to safeguard the special architectural and historic interest of the building in accordance with the requirements of policy D2 of the Camden Local Plan 2017.

Informative(s):

- 1 The site is a terrace of seven houses of 1825 by Cubitt, now a hall of residence.

Two basement windows contain existing ventilation arrangements of a fixed panel penetrated by an exhaust. These will be replaced with a similar panel containing an intake and an exhaust. In addition, an extraction fan mounted in a pane of glass will be removed and replaced by one mounted in the wall.

Any works other than those specifically shown in the consented drawings are unauthorised. If further works are found to be needed, the permission of the council's conservation team must be obtained in writing, and further listed building consent may be required.

The proposed works will not harm the special interest of the listed building.

The application has been advertised in the press and by means of a site notice, whereby there were no consultation responses. The site's planning history has been taken into account in making this decision.

Particular attention has been paid to the desirability of preserving the special interest of the listed building, under s.16 of the Listed Buildings and Conservation Areas Act 1990 as amended by the Enterprise and Regulatory Reform Act (ERR) 2013

As such, the proposal is in general accordance with policy D2 of the Camden Local Plan 2017. The proposed development also accords with the London Plan 2021.

- 2 You are advised that any works of alterations or upgrading not included on the approved drawings which are required to satisfy Building Regulations or Fire Certification may require a further application for listed building consent.

In dealing with the application, the Council has sought to work with the applicant in a positive and proactive way in accordance with paragraph 38 of the National Planning Policy Framework 2021.
