Drawing Nos: Adg0001, 2069 P02, 2069 203, 2069 P04, 2069 205, 2069 P06, 2069 P08

The Council has considered your application and decided to grant permission subject to the following condition(s):

Condition(s) and Reason(s):

- 1 The development hereby permitted must be begun not later than the end of three years from the date of this permission.

Reason: In order to comply with the provisions of Section 91 of the Town and Country Planning Act 1990 (as amended).

- 3 The development hereby permitted shall be carried out in accordance with the following approved plans- Adg0001, 2069 P02, 2069 203, 2069 P04, 2069 205, 2069 P06, 2069 P08

Reason: For the avoidance of doubt and in the interest of proper planning.

Informative(s):

- 1 Your proposals may be subject to control under the Building Regulations and/or the London Buildings Acts that cover aspects including fire and emergency escape, access and facilities for people with disabilities and sound insulation between dwellings. You are advised to consult the Council's Building Control Service, Camden Town Hall, Judd St, Kings Cross, London NW1 2QS (tel: 020-7974 6941).

- 2 Reasons for granting permission -

The proposal has been revised during the course of the application. The proposed development is to extend the outrigger's depth, altering the rear projection of the building at first and second floor level. The proposed development will not exceed the length of the existing ground floor extension. Although the new depth will alter the projection and the pair of properties (191 and 193) they will no longer match, the impact will be minimal, given the scale of the alterations and that the rear elevation is not very visible.

The materials used will match existing and will not harm the context of the building.

The proposed extension will not cause any significant instances of overshadowing or loss of light due to its scale and there will be no material impact on neighbouring occupiers. There will be no material increase in overlooking given the location of the existing and proposed windows. Therefore, the proposal is not considered to cause any adverse impacts on the amenity of adjoining residential occupiers.

No objections have been received prior to making this decision. The planning history of the site has been taken into account when coming to this decision.

As such, the proposed development is in general accordance with policies A1, D1 of the Camden Local Plan 2017. The proposed development is in general accordance with policy 2 of the Fortune Green and West Hampstead Neighbourhood Plan 2015 The proposed development also accords with the London Plan 2021 and the National Planning Policy Framework 2021.

- 3 This approval does not authorise the use of the public highway. Any requirement to use the public highway, such as for hoardings, temporary road

closures and suspension of parking bays, will be subject to approval of relevant licence from the Council's Streetworks Authorisations & Compliance Team, 5 Pancras Square c/o Town Hall, Judd Street London WC1H 9JE (Tel. No 020 7974 4444). Licences and authorisations need to be sought in advance of proposed works. Where development is subject to a Construction Management Plan (through a requirement in a S106 agreement), no licence or authorisation will be granted until the Construction Management Plan is approved by the Council.

- 4 All works should be conducted in accordance with the Camden Minimum Requirements - a copy is available on the Council's website (search for 'Camden Minimum Requirements' at www.camden.gov.uk) or contact the Council's Noise and Licensing Enforcement Team, 5 Pancras Square c/o Town Hall, Judd Street London WC1H 9JE (Tel. No. 020 7974 4444)
