To Whom it May Concern,

I am deeply concerned and object to the proposed redevelopment, particularly the terrace, 4th-floor, and 5th-floor back extension. Living on the top two upper floors of 39 Great Queen Street, these changes will have a direct impact on us. The new floor will obstruct our sky view from the living room, depriving us of precious sunlight we rely on for our urban gardening and well-being. It's distressing to think that our efforts to grow our own vegetables will be severely hindered should the redevelopment go forward.

Our terrace, where we find solace from the bustling city, will now be filled with noise. Moreover, the proposed floor will overlook our living space, compromising our privacy and work area. I wholeheartedly support the objections raised by the Friends of Parker St group, attached to this email. This redevelopment will have a significant and negative effect on our lives, and we hope our concerns are taken seriously.

Regards,  
Rachel Duckett
