Dear Ms Fogarty,

We hope you had a nice weekend

Some new information has been brought to the Friends of Parker Street attention by a resident regarding the "Overestimation of protection of office space".

We have decided as a collective that it was important to integrate it into the Core Objection of the Friends of Parker Street (please see pages 7 & 8).

Please find the attached the final version "**Updated 23-Jul-23 Core Objections to Drury Works**".

We would be grateful if this final version is uploaded and is the one and only you review when the time comes.

Thank you very much.

Kind regards

The Friends of Parker Street

Dear Ms Fogarty,

Please find attached the detailed objection from the Friends of Parker Street, a collective of residents (40+) who organise community events (such as Jubilee and Coronation parties) and look to increase community ties. Membership is not exclusively Parker Street - we include Great Queen Street and Drury Lane as well.

The objections raised to the Drury Works have been built from the community feedback and professional advice received.

We would be grateful if you could upload this **version dated 18th July** to the Council website. We attach it both in Pdf and Word format.

Thank you

The Friends of Parker Street
