2023/2901/T	Allison Summers KC	23/07/2023 21:16:26	COMMNT	We are sorry to see damage to a wall and whilst we are not opposing the application we would hope that those who are seeking to remove this tree will consider planting another tree or shrub so that the long term benefits of our trees are preserved and we would encourage Camden to consider this as a condition for permission to remove this tree. The trees clearly offer environmental benefits in respect of air pollution as well as noise reduction and privacy. They are a very characteristic feature of the area and it would be very sad if this feature was lost or diminished.
