Dear Sir,

I would like to register my objection to this proposed development in the strongest possible terms . The proposed scale and design is totally out of keeping with the area and involves the demolition of heritage buildings.

It is shameful that the council is entertaining this proposal which is simply a repetition of the developer's previous failed application.

It behoves Camden Council to protect the environment and not let unscrupulous property speculators ride roughshod over the concerns of local residents and visitors.

In the past the planning authorities grievously failed in their duty of care by allowing the current brutalist monstrosity to be constructed. I trust that the current generation of regulatory authorities will not follow in their craven footsteps.

Regards
Jonathan Harris
