Day notice**

DD 5 Day Notice COMMUNAL LAND: 1 x Ash (T1) - Fell to ground level.

No formal application form has been submitted, so we cannot see who is making the application.

There is no map to show the position of the tree.

The tree is evidently not dead, see submitted photo, and no evidence has been given to demonstrate that it is dangerous. Either evidence should be produced to show there is no way of saving it or a replacement tree should be planted.
