2023/2481/A	John Gordon	20/07/2023 11:38:08	OBJ	Adding a advertisement hoarding may be appropriate which is not dissimilar from the protective sheathing around the construction site. However the additional 7 x floodlights is unnecessary when the area is already lit up by street lighting and lighting from West Hampstead Thameslink station. There's no public interest in a commercial company adding to the light pollution in the area purely to sell homes. It will cause sleep deprivation to those who live in the near vicinity.
