2023/2522/P	kannan niththyananthan	22/07/2023 15:58:56	INT	As an affected party and the owner of the land 21 Lyndhurst road I would like more details of the exact position of the rods from the perspective of 21 Lyndhurst road. the details here only show place of rods from perspective of the hoo property. I have no objection to the rods as a concept. however maintain the right of use of my land in the future.
2023/2522/P	Gabriella Sbordone and Michael Bronstein	22/07/2023 22:55:01	INT	The proposed works under application 2023/2522/P have a direct impact on 20 Lyndhurst road. As its legal owners we are open to achieving a mutually agreeable solution with regards to the boundary wall, however we do not grant an open permission to carry out works in our property without prior agreement and under no circumstances agree that the planned works shall constitute legal encumbrance of our property. We also request that the exact location of the rods is agreed with us.
