[REDACTED]

To Camden Council.

Hi,
I've been living at Flat 3, 39 Great Queen Street since March 2019 (as a tenant).
I've been working from home 60%-80% of the time (after the pandemic) and I have the bedroom windows (and attached balcony) facing the back of 160-161 Drury Lane.
Based on the document that has come to my attention recently, I understand the back of the previously mentioned building is not only about to undergo changes that will decrease [REDACTED], along with the amount of sunlight I am able to receive during the day, but also that those changes were not properly formulated to the Council in a way that adequately describes them or the impact they might have on the residents of Great Queen Street, such as myself.

Due to these circumstances, I am in support of the objections formulated by the local residents association. You can find the document with the objections attached, as well as a picture taken from my bedroom, to further point out the potential impact of the proposed changes.

Kind regards,
Cosmin Oance
