Subject: Objection to planning application 2023/2245/P

Dear Sir/ Madame,

My duplex flat occupies the second & third floors at no 38 Great Queen Street.

I wish to make an objection to the application 2023/2245/P on the basis of the following:

- the noise disturbances that will result from this large terrace being planned so close to my flat
- the overbulking of the building at the back and its overall proposed height will directly impact me by lessening the amount of sunlight that will enter my flat.

I am in full support of the further details produced by the Friends of Parker Street which I am part of.

Thank you for your consideration

Kind regards

Anoma Radkevitch
