2023/2481/A	Kate Shaughnessy	24/07/2023 19:41:51	OBJ	<p>I am opposed to this advertising application in all its forms.</p> <p>The architecture and present character of this neighbourhood will be seriously compromised by garish and light-pollution hoardings such as this one proposed here.</p> <p>We do not need to have our peace disturbed throughout the night by lighting of this strength,</p> <p>We do not need to have this to ameliorate the look of a building site (an excuse for making money if ever there was one). We are well used to building sites and how they look!</p> <p>If this proposal is passed it will set a precedent for all time and open the doors to a "Tokyo"esque illuminated, distracting, inescapable and hounding barrage of unwanted and unneeded advertising.</p>
