

53c, Eton Ave.,  
London N.W.3. 3EP  
21/7/23

Ref. 2023/2753/T

Dear Sir/Madam,

At the time of the planning application to build 1, Kings College Rd., The comment & concern I had was to keep the trees.

The sycamores do a wonderful job of shielding the occupants of 53, Eton Ave from the towering tower block behind them.

From my flat the Sycamores magically fan out over the top half of the tower block softening the whole view. It would be awful to lose it.

I'm sure the occupants of the tower block would prefer to look down on some greenery too.

Yours sincerely  
Maere Tornerø
