Subject: Don't Create the new monster tower

You shouldn't make this tower as it will make other local businesses fail and you shouldn't only be thinking about the benefits they're are many disadvantages for this as well and they're are many other alternatives to make the 19th century horse stables more improved and better which aren't as damaging as what you are doing 2023/2510/P and 2023/2653/L. Thank you for listening as I object your idea for creating a new monster tower
