2023/2510/P &L

I wish to object in the strongest possible terms to the development of the travelodge site north of New Oxford Street. This is a palpable overdevelopment that will disrupt the skyline and cause misery to local businesses and residents for many years and beyond.

I trust that Camden will not cave in to the ambitions of disreputable and greedy developers who wish to maximise profit over the genuine needs and desires of the local community and city needs.

Best regards
