**OBJECTION TO REDEVELOPMENT OF ONE MUSEUM STREET
2023/2510/P (planning application) and 2023/2653/L (Listed Building
Approval) planning; David Fowler; cc Save Museum Street**

As a resident of Russell Court, I wish to register a strong objection to this proposal.

This planning proposal does not fit in with the Bloomsbury vista, culture or heritage. It dwarfs the whole area beyond its proposed footprint and constitutes a blot on the landscape.

I do not believe that this is appropriate for the health and welfare of residents in the neighbourhood or for visitors.

I recognise that urban areas are always subject to change but this proposal represents an intrusion on so vast a scale as to be utterly unacceptable.

As outlined, the height and mass of the building are clearly out of keeping with contiguous historic buildings and will have a negative impact upon the adjacent conservation areas of Bloomsbury, Soho and Covent Garden.

Professor Mike McConville
