Dear Camden Development Management

I am writing to object to the above planning proposal.

This area of Camden would be transformed for the worse if the proposal were to go ahead.

The proposed building is far too tall for its surroundings and not on a human scale. We do not want Camden to look like the City of London or Canary Wharf. The building does not offer enough housing, and what it does provide is not of an acceptable standard.

And demolition of the existing Travelodge tower is contrary to Camden climate change policies.
