2023/0282/P	Dr Wayne Phillips	02/08/2023 15:12:02	COMMNT	I live in Chester Terrace and am fully supportive of these plans including removal and replacement of certain trees in the communal gardens. I think the plans will make a substantial improvement to the Terrace appearance and safety. Also it will significantly improve the communal terrace gardens which I use a great deal. Many of the current trees are out of keeping with the terrace and some are very unattractive. I think some thinning out of the trees and enabling greater visibility to the Park will be a great benefit.
