Dear Camden Planning Department,

References 2023/2510/P (Planning Application) and 2023/2653/L (Listed Building Approval) OBJECTION

I strongly object to this proposal. It is entirely the wrong scheme for everyone - wrong for Bloomsbury and the community. It is wrong for everyone who values history and heritage, for the tourists and visitors who visit Bloomsbury. It is bad for the climate and the health and wellbeing of our children. It is wrong for London. And for the future.

It is wrong for responsible planners and politicians to approve this scheme as it is. Please re-think.

Yours faithfully,
R. TEARE
