Dear Camden Planning,

References: **2023/2510/P** (Planning Application)  
and **2023/2653/L** (Listed Building Approval)

## **OBJECTION**

I strongly object to this proposal. It is entirely the wrong scheme for everyone - wrong for Bloomsbury and the community. It is wrong for those who value history and heritage, for the tourists and visitors who visit Bloomsbury. For workers in Bloomsbury. It is bad for the climate, for the health and wellbeing of our children. It is wrong for London. And for the future.

It is wrong for responsible planners and politicians to approve this scheme as it is. Please re-think.

Yours faithfully,

Barry Flynn
