 Officers advise that the zinc proposed on the roof extension should be a dark grey to match the roof slates of the host and neighbouring buildings. Reduce the extent of glazing to the front and side of the extension to have a better solid to void ratio. Officers suggest that applicants fully explore the opportunities for greening and biodiverse roofs/walls and set out what options you have considered, and have decided to bring forward as part of the proposal. Officers suggest that views demonstrating that the structure is not visible from street level should be submitted in order to satisfy the Council that no harm will be caused to the Primrose Hill conservation area.
Overall, the proposed replacement of the existing structure with a larger roof extension and replacement terrace are supported in principle. The proposed development would be located on the existing footprint with a slightly larger terrace area. It would redesign the current, unsympathetic structure and enhance the existing roof space. The enlargement of the roof terrace at the rear would not cause any additional significant neighbouring amenity concerns. Subject to the above revisions and other comments being addressed within the above discussion, it is considered that the proposed development is in general accordance with policies A1, D1, D2 of the Camden Local Plan 2017.

Authority Employee/Member
With respect to the Authority, is the applicant and/or agent one of the following: (a) a member of staff (b) an elected member (c) related to a member of staff (d) related to an elected member
It is an important principle of decision-making that the process is open and transparent.
For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
Do any of the above statements apply? ○ Yes ⊙ No
