Dear Camden Planning Department

OBJECTION

References: 2023/2510/P and 2023/2653/L

I write to object most strongly to the upcoming proposal which i consider to be entirely wrong for Bloomsbury and the community.

Wrong for everyone who values history and heritage, wrong for the tourists and visitors.

More importantly, It is bad for the climate and health and well-being of our children.

It is wrong for London and I urge planners and politicians to rethink the scheme as it is.

PLEASE RE-THINK.

Yours faithfully,
C. Trevor-Roberts
