Dear Sir/Madam

DECISION

Town and Country Planning Act 1990 (as amended)

Householder Application Granted

Address:

**34 Dartmouth Park Road
London
Camden
NW5 1SX**

Proposal:

Demolition and replacement of a ground and first floor rear extension. Alterations to outrigger roof at rear.

Drawing Nos: 204_04, 204_05, 204_03, Design and Access Statement

The Council has considered your application and decided to grant permission subject to the following condition(s):

Condition(s) and Reason(s):

- 1 The development hereby permitted must be begun not later than the end of three years from the date of this permission.

Reason: In order to comply with the provisions of Section 91 of the Town and Country Planning Act 1990 (as amended).

- 2 The development hereby permitted shall be carried out in accordance with the following approved plans 204_04, 204_05, 204_03, Design and Access Statement.

Reason: For the avoidance of doubt and in the interest of proper planning.

- 3 All new external work shall be carried out in materials that resemble, as closely as possible, in colour and texture those of the existing building, unless otherwise specified in the approved application.

Reason: To safeguard the appearance of the premises and the character of the immediate area in accordance with the requirements of policy D1 and D2 of the London Borough of Camden Local Plan 2017.

- 4 Prior to commencement of development , full details in respect of the living roof in the area indicated on the approved roof plan shall be submitted to and approved by the local planning authority. The details shall include
 - i. a detailed scheme of maintenance
 - ii. sections at a scale of 1:20 with manufacturers details demonstrating the construction and materials used [for large areas of green roof add in : and showing a variation of substrate depth with peaks and troughs]
 - iii. full details of planting species and density

The living roofs shall be fully provided in accordance with the approved details prior to first occupation and thereafter retained and maintained in accordance with the approved scheme.

Reason: In order to ensure the development undertakes reasonable measures to take account of biodiversity and the water environment in accordance with policies G1, CC1, CC2, CC3, CC4(major apps only), D1, D2(if CA or LB) and A3 of the London Borough of Camden Local Plan 2017.

Informative(s):

- 1 Your proposals may be subject to control under the Building Regulations and/or the London Buildings Acts that cover aspects including fire and emergency escape, access and facilities for people with disabilities and sound insulation between dwellings. You are advised to consult the Council's Building Control Service, Camden Town Hall, Judd St, Kings Cross, London NW1 2QS (tel: 020-7974 6941).
- 2 Reasons for granting permission.

The proposed development is to demolish the existing rear conservatory and extend it to a full width rear extension and to alter the outrigger roof to become a flat roof.

The rear conservatory at ground floor level will be extended full width and will be no longer in depth than the outrigger. The 2nd storey will be full width but will measure the same depth as the previous conservatory at this level. The scale of the conservatory is considered acceptable as it is similar to developments at neighbouring properties (42, 40 and 38 Dartmouth Park Road).

The materials of the conservatory will be timber frames with glass windows. The design and materials used will be in keeping with the conservation area and no material harm will be caused.

The alterations from pitched roof to flat roof of the outrigger are considered acceptable as there is precedent of flat roofs on the outrigger at neighbouring properties and it will be in keeping with the surrounding areas. The flat roof will add a green roof, details of which are to be submitted to the council.

The proposal is considered to preserve the character and appearance of the conservation area. Special attention has been paid to the desirability of preserving or enhancing the character or appearance of the Conservation Area, under s.72 of the Planning (Listed Buildings and Conservation Areas) Act 1990 as amended by the Enterprise and Regulatory Reform Act 2013.

The extended conservatory will not cause any new instances of overlooking as any amenity issues would already be present. There may be some minor impact for daylight/sunlight and overshadowing as the garden wall will be increased due to the extension. However, this will not impact the window at the neighbouring property and will only extend 2.1m along the boundary.

The proposal is not considered to cause any adverse impacts on the amenity of adjoining residential occupiers.

No objections have been received prior to making this decision. The planning history of the site has been taken into account when coming to this decision. As such, the proposed development is in general accordance with policies A1, A3, D1 and D2 of the Camden Local Plan 2017 and the Dartmouth Park Neighbourhood Plan 2020 policies DC2, DC3, DC4. The proposed development also accords with the London Plan 2021 and the National Planning Policy Framework 2021.

- 3 This approval does not authorise the use of the public highway. Any requirement to use the public highway, such as for hoardings, temporary road closures and suspension of parking bays, will be subject to approval of relevant licence from the Council's Streetworks Authorisations & Compliance Team, 5 Pancras Square c/o Town Hall, Judd Street London WC1H 9JE (Tel. No 020 7974 4444). Licences and authorisations need to be sought in advance of proposed works. Where development is subject to a Construction Management Plan (through a requirement in a S106 agreement), no licence or authorisation will be granted until the Construction Management Plan is approved by the Council.
- 4 All works should be conducted in accordance with the Camden Minimum Requirements - a copy is available on the Council's website (search for 'Camden Minimum Requirements' at www.camden.gov.uk) or contact the Council's Noise and Licensing Enforcement Team, 5 Pancras Square c/o Town Hall, Judd Street London WC1H 9JE (Tel. No. 020 7974 4444)

Noise from demolition and construction works is subject to control under the Control of Pollution Act 1974. You must carry out any building works that can be heard at the boundary of the site only between 08.00 and 18.00 hours

Monday to Friday and 08.00 to 13.00 on Saturday and not at all on Sundays and Public Holidays. You must secure the approval of the Council's Noise and Licensing Enforcement Team prior to undertaking such activities outside these hours.

In dealing with the application, the Council has sought to work with the applicant in a positive and proactive way in accordance with paragraph 38 of the National Planning Policy Framework 2021.

You can find advice about your rights of appeal at:
