I am registering as an absolute Objection.</p> <p>It will adversely affect the area and surrounding buildings, including the conservation areas Of Covent Garden,Bloomsbury and Soho.</p> <p>This new proposed building being 74m in height will look and blot the surrounding areas.A monstrous looking building with no character or warmth to compliment the surrounding architecture.</p> <p>If Camden Council sets a precedence on this planning application , it will open the doors to more taller and obstrusive buildings.</p> <p>The beauty of this area were we have so,so many tourists marvelling at the architecture and the warmth these buildings portray.</p> <p>Demolition is contrary to UK climate change policies. This should also be ascertained before demolition of the Travelodge tower.</p> <p>Housing has been overlooked, with not enough thought on the design of the flats.</p>
