Description of Proposal

Does the proposal consist of, or include, the carrying out of building or other operations?

Yes

No

Does the proposal consist of, or include, a change of use of the land or building(s)?

Yes

No

Has the proposal been started?

Yes

No

Grounds for Application

Information about the existing use(s)

Please explain why you consider the existing or last use of the land is lawful, or why you consider that any existing buildings, which it is proposed to alter or extend are lawful

The subject property is a fully detached residential house situated within the Grove Terrace Mews area.

The property is comprised of two stories and is primarily utilized for residential purposes.

It stands on its own plot of land and is surrounded by a well-maintained garden area.

The house has been consistently used as a single-family dwelling, accommodating residents for an extended period.

In alignment with modern sustainable practices, the property owner intends to enhance the property's energy efficiency by installing solar panels on the roof of the dwelling. These solar panels will harness solar energy to generate electricity, contributing to a reduced carbon footprint and increased energy self-sufficiency for the property.

Please list the supporting documentary evidence (such as a planning permission) which accompanies this application

The property has been used exclusively for residential purposes throughout its history. It serves as a private residence for a single household, providing living spaces, sleeping accommodations, and amenities typical of a single-family home. The interior layout includes bedrooms, bathrooms, a kitchen, living areas, and ancillary spaces that are customary in a residential setting.

Select the use class that relates to the existing or last use.

C3 - Dwellinghouses

Please note that following changes to Use Classes on 1 September 2020: The list includes the now revoked Use Classes A1-5, B1, and D1-2 that should not be used in most cases. Also, the list does not include the newly introduced Use Classes E and F1-2. To provide details in relation to these or any 'Sui Generis' use, select 'Other' and specify the use where prompted. See help for more details on Use Classes.

Information about the proposed use(s)

Select the use class that relates to the proposed use.

Is the proposed operation or use

- Permanent
 Temporary

Why do you consider that a Lawful Development Certificate should be granted for this proposal?

The addition of solar panels aligns with modern sustainable building practices and does not compromise the property's residential character. The proposed solar panel installation is deemed to be harmonious with the existing structure and is consistent with the property's overall residential use.

The proposed solar panel installation represents a progressive step toward sustainability and energy efficiency. The continuous nature of the residential use, coupled with the compliance of the solar panel installation with relevant regulations, establishes the property's eligibility for a lawful development certificate to recognize both its existing lawful use and the planned solar panel addition.
